To make a long story short, Mr. Gaddis was surrendered by the Civil Service Commission, only to be slaughtered by Tillman and Curtis. But before letting the official axe fall there was a series of letting the official axe fall there was a series of interesting conversations between Mr. Gaddis and Tillman, to which reference is made in the petition for the mandamus. They not only show the brutal ladifference of Tillman to the plain mandates of the law but exhibit him likewise in the rôle of attempting by turns to cajole, bribe and corrupt his vicum, and, succeeding in neither of these, to intimidate and onlideze him the Less could not have been expected from a man who, in the last Presidential compalyn, was trafficking upon the secrets of his lows party, and who, jumping from one camp into the other, managed to betray both. More even his lumate friend and boon companion, the Hon, Josiah Quincy, of Massachusetts, could not have done. But here is what Mr. Gaddis says in his sworn petition.

But here is what Mr. Gaddis says in his sworn petition.

"Said Tillman demanded of your petitioner, on said August 3, 4 and 5, and on said succeeding days, that he should say and declare, that he, petitioner, 'had become, or would become a Democrat,' and 'that he would take no further active action or participate in politics in the 'ture as a Republican'; that he would recommended do that for petitioner as retention in the office of the Register of the a retention in the office of the Register of the a retention in the office of the Register of the a retention in the office of the Register of the a retention in the office of the Register of the a retention in the office of the Register of the said as of the Register of the a retention in the office of the Register of the said as followed as declare'; that your petitioner properly and lawfully refused to accede to said demand or proposal; that on a certain day between the said August and 14 A. That on a certain day, between August 5 and 28. A. There is a well-defined suspicion that a large part of this sum goes into the campaign corruption fund of Tammany Hall. These words were spoken by Senator Pound, of Lockport, in view of the action of four Republican Senators in deserting the Republican party and oining the Democrats. The four Senators were Senator Coggeshall, who represents the counties of Oneida, Lewis and Otsego; Senator Donaldson, who represents the counties of Saratoga, Schenectady, Montgomery and Herkimer, and Senators Owens and Reynolds, of Brooklyn. They voted with Democrats upon Senator Cantor's motion to kill the bill which deprives the Democratic Sheriff of New York of fees which last year amounted to \$80,000, and to give him the generous salary of \$15,000 as a substitute

The Republicans of the Assembly last night made this bill a party measure, and did so by a unanimous vote. The bill was introduced by Senator Robertson, Republican, whose Senate District takes in the Twenty-third and Twenty-fourth wards of New-York. In the Assembly it was presented by Mr. Sheffield, Republican, of New-York, and it had been favorably reported there by the Committee on Cities. Scarcely had this favorable action been taken on the bill before Corporation Counsel Clark from New-York, and has since remained Assembly or Senate Chamber, About the same time also it was rumored that Tammany Hall had raised a large bribery fund to defeat at Albany all legislation adverse to it.

Senator Robertson's bill came up in the Senate to-day on the order of second reading, and the Senate went into Committee of the Whole to consider it. There Senator Cantor assailed it, arguing that the Sheriff of New-York had too great financial responsibilities to permit of his taking the on a mere salary of \$15,000. He then moved that the enacting clause of the bill be stricken out.

Senator Saxton did not think the bill was in any serious danger, but he nevertheless made an earnest speech in favor of it. He showed that for the last hree years the fees of the Sheriff of New-York had been increasing at a rapid rate, until last year they amounted to the remarkable sum of \$60,000 This, with the Sheriff's salary of \$12,000, raised his moluments to \$72,000-a scandalously large amount argument that the Sheriff had to take large financial responsibilities, Senator Saxton showed that owing to recent amendments of the Penal Code and

CELEBRATING PATRIOTS DAY.

SERVICES HELD IN THE OLD NORTH CHURCH IN BOSTON-PAUL REVERE'S RIDE COM-MEMORATED.

Boston, April 18.-The formal celebration of the new holiday (Patriots' Day) was inaugurated here to-night at the historic old North Church in Salemst., where 119 years ago to-night the warning lights gleamed forth which gave Paul Revere the shinal that started him on his memorable ride. The old church was filled at an early hour, and an interest ing programme was carried out, consisting of prayer by the Rev. John S. Lindsay, of St. Paul's, an offertory on the organ by Howard M. Dow, singing of patriotic songs by Joseph L. White and Mr. Houghton, speeches by Colonel Henry Walker, Governor Greenhalge, Charlotte M. Hawes and the Rev.

ernor Greenhalge, Charlotte M. Hawes and the Rev. E. A. Horden, ending with the singing of "America" and the benediction.

Outside the church a large crowd was assembled, and when about 10 o'clock two bright lights were turned on in the beifry tower, their appearance was greeted with loud cheers. Then the chime of bells, which had recently been put in excellent order for this occasion, began its pealing, telling every one that the modern Paul Revere had begun his mad ride to Concord and Lexington.

The Bliss-Patterson people have concluded to file their returns and polllists of sixteen assembly districts which are said to be completed in the County Clerk's office to-day These districts are the Hid, IVth, Vih, Vih, VIIIth, XIIth, XVth, XVIth, XVIIth, XXIIIth, XIXth, XXIId, XXIVth, XXVth, XXVIth and XXIXth. This was remarkably strong voting when it is remembered that Charles Schwick, Mr. Patterson's assistant Tammany candidate for Assembly, received only 1.50 votes at the election last November. Mr. Brookfield, of the Republican XXIst, put in the auton more modest claim of only half the number set down to Brer Patterson's credit.

The Primary Election law, under which the Bliss-Patterson organization is supposed to be working, makes it the duty of the election inspectors of every election district to file the returns and poll lists of their respective districts with the County Clerk, without allowing them to pass through any other channel.
